

# Diamond PSU

Innovative, high fragrance releasing device with the versatility to be placed nearly anywhere

## Benefits

- No mess, no fuss - simply replace every 30 days
- Consistent fragrance in areas of good & bad ventilation
- Can be stuck on almost any surface, in or out of sight
- Greater surface area than other products on the market
- Delivers selected fragrances for 30+ days

In 28-30 days, simply remove the old Passive, leaving the clip behind on the surface and replace with new Passive

## Features

*Attaches to surfaces via a detachable clip*

*Attractive, diamond shape w/ translucent leaf design*

*Enhanced surface area for maximum fragrance release*

*Durable EVA compound*
