WiseAir Air Freshening Fans

Our WiseAir air freshening fans are uniquely engineered for superior, lasting freshness. Enjoy fresh, pleasant fragrance 24/7 without the mess of an aerosol. WiseAir fans can be used anywhere they're needed such as hallways, locker rooms, waiting rooms, elevators, restrooms, laundry rooms & more.

Product Name: WiseAir & WiseAir Select

WiseAir & WiseAir Select Fans

- High performance, fan-operated air freshener
- Great air freshening solution for small to medium-sized rooms & restrooms
- **Comes in two sizes:**
- **WiseAir** covers up to 200 sq. ft.
- **WiseAir Select** covers up to 400 sq. ft.
- Provides effective, consistent odor control 24/7
- Upscale, contemporary design
- Provides aromatherapy benefits with great essential oil based fragrance options
- Enhanced active fan blade system evenly disperses fragrance throughout the room
- Does not use a hazardous aerosol, which contains harmful chemicals and sprays large droplets onto clothing or the floor
- Battery powered 1.5 volt (D cell)
- Available in Chrome and White
- Superior fragrance to gels & passive wicks
- Polypropylene backplate & ABS cover are strong & made to resist vandalism with secure locking system

FOR USE IN RESTROOMS: Use 1 dispenser per every 3-4 fixtures

WiseAir Fan Cartridges (Fragrance Refills)

WiseAir fragrance cartridges contain absorbent fibers that hold the fragrance fluid for long-lasting, consistent fragrance release.

- Great essential oil based fragrances
- Pre-filled Cartridges Eliminates Spillage
- Simple to install & replace
- Cartridges sit securely inside reservoir
- Uses Fiber squares containing Fragrance
- No VOCs

Reservoir for cartridges

CLEANING PRODUCT

Professional quality multi-purpose cleaner & deodorizer
CONCENTRATE

Product Name: Citrus Mint Cleaner Concentrate

Citrus Mint Cleaner Concentrate

- Makes floors shine!
- Works wonders on cleaning hard surfaces
- Clean, fresh scent of citrus & mint
- Contains effective deodorizer
- 1 gallon concentrate = 16 gallons of cleaner
 - Dilution ratio 1:16
 - 8 oz concentrate to 1 gallon of water

STICK-UP AIR FRESHENER

Our Diamond PSU (Passive Stick Up) is an innovative, high fragrance releasing stick-up air freshener with the versatility to be placed nearly anywhere and does not require batteries or electricity.

Product Name: Diamond PSU

Product Use & Description

- Versatile & inconspicuous
- Great for toilet stalls, elevators, offices, closets, cabinets, cars, behind restroom fixtures & more
- Sleek, diamond-like translucent appearance
- Easily mounted on any vertical surface
- Available in Cherry, Cucumber Melon, Lemon, Mango & White linen

*Removable insert for easy installation.
Can be reused & does not have to be
removed from surface when replacing
device*

DRAIN CONTROL PRODUCTS

Our drain products include one-way drain valves & Aero F.O.G., an innovative drain solution to effectively eliminate grease, odors & insects from industrial or commercial floor drains.

Product Name: Drain Valves 2", 3", 3.5", 4"

DRAIN VALVES

- Comes in multiple sizes: 2", 3", 3.5" & 4"
- One-way valve eliminates odors from sewer gases
- Strong silicon diaphragms prevent backflow
- Valve blocks insects including fruit flies from entering drains
- Does not alter the appearance or the performance of the drain.
- Greatly reduces costly maintenance

DRAIN CONTROL CONT'D

Aero F.O.G. Drain Fluid effectively eliminates fats, oils, & grease from commercial drains, grease traps, & lift stations. AERO F.O.G. dramatically outperforms other FOG removal products on the market in terms of efficiency, effectiveness, price, & ease of use.

Product Name: AERO F.O.G. Drain Fluid

Product Use & Description

- Fast working - Breaks up FOG in 1-2 hours (other products can take 1-2 months)
- Completely eliminates FOG from top, bottom, & sides of drains
- Prevents re-depositing of FOG - once FOG detaches from pipes, it can never stick to it again
- Greatly reduces maintenance costs & the need for jetting
- Uses chemical dispersants to chemically break up FOG into particulate
- Destroys even hydrophobic FOG, breaking up any adhesion & disperses the FOG
- Contains Odoff, our most powerful odor neutralizer
- Eliminates odors at the molecular level
- Prevents grease clogs from forming

DRAIN CONTROL CONT'D

Refresh Drain Fluid effectively eliminates odors, cleans, and improves flow in industrial or commercial drains.

Product Name: Refresh Drain Fluid

Product Use & Description

- Get rid of smelly drains of all types
- Contains Odoff to eliminate odors at the molecular level
- Regular use keeps drains clean & running smoothly
- Restores slow flowing drains
- Safe for plumbing and septic systems
- Excellent for restrooms
- When used in combination with our one-way drain valves, you'll never have to worry about smelly or hazardous gases coming from the drain

HAND CARE PRODUCTS

AeroSan Lotion Hand Soap moisturizes while it cleanses. Our soap is lightly infused with lavender essential oils for a clean, pleasant scent. Provides a silky, smooth expression of luxury.

Product Name: AeroSan Lotion Hand Soap

Product Use & Description

- Feels silky smooth on skin
- Lightly scented with lavender essential oil for added luxury
- Produces a generous lather
- Added moisturizer keeps hands soft and moisturized
- Gentle on hands for repeated use

HAND CARE PRODUCTS

Our Hand Sanitizer Spray contains 80% alcohol, exceeding recommended minimum of 60%. AeroWest's safe & effective formula contains an added moisturizing agent to protect hands from drying out.

Product Name: Hand Sanitizer Spray

Product Use & Description

- Safe, effective formula
- Liquid hand sanitizer for maximum coverage
- Cost-effective
- Added moisturizer to protect sensitive skin
- Great for sanitizing surfaces

HAND CARE PRODUCTS

Our automatic hand sanitizer dispenser is completely touchless to help prevent the spread of germs. This long-lasting, eco-friendly unit is the perfect hygienic hand care solution.

Product Name: Hand Sanitizer Spray Dispenser

Product Use & Description

- Touch free, trouble free
- Releases hand sanitizer spray in a fine mist to avoid waste and mess
- Holds 1100 ml of sanitizer
- Sight window makes it easy to check refill level
- Cost-saving, no waste dispensing system
- Attractive, contemporary design
- Tamper-proof keyed system
- Made of strong ABS plastic
- Battery life of 70,000 cycles
- Uses 4 AA batteries

140 mm x 106 mm x 235 mm

Floor Stand & Wall Mount Drip Tray Available

HAND CARE PRODUCTS

Our automatic lotion hand soap dispenser is completely touchless to reduce cross contamination and the spread of germs. This long-lasting, eco-friendly unit is the perfect hygienic hand care solution.

Product Name: Lotion Hand Soap Dispenser

Product Use & Description

- Touch free, trouble free
- Holds up to 40 oz. of soap
- Sight window makes it easy to check refill level
- Pumps a measured amount of hand soap to reduce waste
- Cost-saving, no waste dispensing system
- Attractive, contemporary design
- Tamper-proof keyed system
- Made of strong ABS plastic
- Battery life of 70,000 cycles
- Uses 4 AA batteries

140 mm x 106 mm x 235 mm

Floor Stand & Wall Mount Drip Tray Available

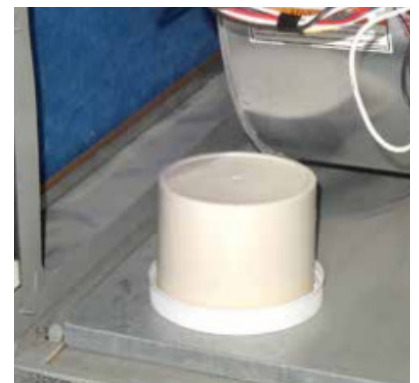

HVAC DEODORIZER

Aerofresh HVAC Deodorizer effectively eliminates bad odors from the air handling system and improves indoor air quality. Bio-based deodorizing technology absorbs malodors, while releasing fresh, mint fragrance throughout the facility.

Product Name: AeroFresh HVAC Deodorizer

Product Use & Description

- Bio-based, biodegradable product effectively absorbs odors
- Compact, self-contained tub designed to be inserted directly into HVAC system
- One 2-pound block will deodorize up to 1200 sq. ft. for at least one month
- 2-lb block will deodorize a 15 ton system for 30 days
- Gelled block uses innovative technology to neutralize malodors at the molecular level
- Simple to use - Open tub, place block on lid & place in HVAC
- Provides aromatherapy benefits of peppermint essential oil, which has long been used to relieve headaches and tension, increase alertness & energize
- Circulates refreshing mint fragrance throughout facility

NEBULIZERS

The WestAir is a beautifully designed, professional scenting device that uniquely diffuses essential oils in any business environment, in order to enhance emotions, influence consumer behavior and employee mood.

Unlike traditional diffusers, the WestAir is engineered to atomize the essential oils into micron size particles for longer-lasting, consistent fragrance, greater efficiency, maximum fragrance dispersion, and enhanced aromathereapy benefits.

Product Name: WestAir Nebulizer

Product Use & Description

- Professional quality scenting solution
- Superior fragrance dispersion
- Highly customizable to your preferences
- Programmable on/off timer to operate when desired
- Programmable fragrance intensity settings
- Wall mountable & HVAC compatible
- Covers 10,600 to 14,100 cubic feet
- Other units available to cover larger areas
- Secure, lockable unit

Excellent for lobbies and large meeting spaces in hotels, hospitals, nursing homes, professional offices, customer receptions, luxury stores and convention centers with the aim of enhancing the customer experience with a sophisticated and elegant ambiance.

FRAGRANCE FOR NEBULIZERS

WestAir RTU Fluid is for use in WestAir Nebulizer. WestAir fragrance oils are high quality, essential oil based scents. Choose from many great fragrance options.

ODOR NEUTRALIZING PRODUCTS

OdoX is a powerful, portable, professional grade odor control system, all in one easy-to-use carrying case. Using innovative, microcell technology, OdoX effectively neutralizes odors at the molecular level. It's convenience & portability provide the ultimate odor control, whenever & wherever you need it.

Product Name: OdoX

Product Use & Description

- **POWERFUL** - Powerful, high speed fan circulates odor counteractant at adjustable speeds of up to 3000 RPM.
- Designed for eliminating high concentrations of strong, stubborn odors
- **ULTRA-PORTABLE** - Bring OdoX wherever you need it. Comes in a light carrying case (13"x16"x4").
- **FAST** - Eliminates stubborn, persistent odors in minutes
- **EASY TO USE** - Simply plug it in & switch it on for instant deodorizing
- Great for health care facilities, hotels, restrooms, kennels, locker rooms, meeting rooms, refuse areas, where food has spoiled, after fires & floods
- Effective against odors caused by incontinence, cancer, pets, decay, smoke, bacterial growth, liquor, beer, mildew & more
- Portable case dimensions: 13"x16"x4"
- The unit can be loaded with 1 - 5 microcells

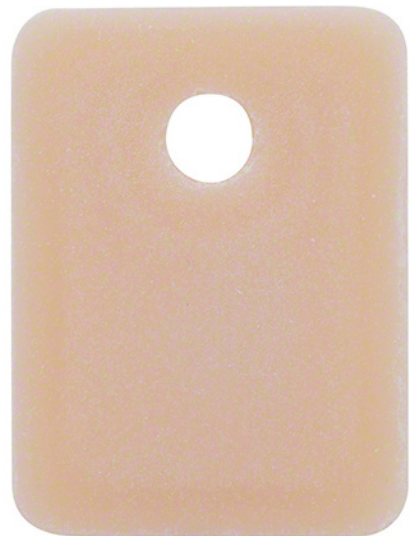

ODOR NEUTRALIZING PRODUCTS

OdoX Microcells are the odor counteractants used in the OdoX system. Formulated to eliminate the worst odors, the microcells target odors at the molecular level. This innovative technology gradually and constantly releases its vapors into the air to neutralize foul odors including biological odors, smoke, & pet odors, & more.

Product Name: OdoX Microcells

Product Use & Description

- Hold nearly 100% of their volume with odor counteractant
- Will not spill or drip like liquids
- Will not crust over as gels do
- Microcells hold the odor counteractant until exposed to the air
- Gradually & steadily release deodorizing vapors by capillary action
- Microcell blocks are small & compact (2.5" x 4" x .5") to allow multiple blocks to fit in the OdoX

ODOR NEUTRALIZING PRODUCTS

Odooff is a specially formulated odor neutralizing agent that provides exceptional odor neutralization to ensure odors are eliminated, not masked. Odooff is great for targeting a wide variety of odor issues at the source. The versatility of Odooff allows it to be used as an odor neutralizing spray on hard surfaces and carpets. It can also be used as a mopping solution and more.

Product Name: Odooff

Product Use & Description

- Eliminates odors on contact
- Widely applicable
- Effective in eliminating odors from pets, smoke, food, restrooms, & other stubborn odors, wherever they are found
- Neutralizes odors at the molecular level
- Highly effective against sulfur & ammonia compounds
- Perfect solution for eliminating odors behind urinals & toilets
- **Odooff RTU** has a very light, vanilla scent
- **Odooff RTU is to be used in fine mist sprayer ONLY**
- **Odooff Concentrate** has no fragrance added; fragrance can be added upon request
- **DILUTION RATES FOR ODOFF CONCENTRATE:**
Heavy Duty (for mopping & institutional use) : dilute 1:40 (3 oz. per gallon water)
General Purpose (in trigger sprayer) : 1:80 (1.5 oz. per gallon water)
- Avoid spraying Odooff products in public walkways to avoid slipping hazards

RESTROOM PRODUCTS

The AeroWest Drip for toilets/urinals automatically & continually dispenses our specially formulated AeroWest *“Odoff” odor neutralizer to attack and eliminate foul odors at the source*, as well as *chelants for descaling, & detergents for cleaning*. The AeroWest helps you maintain a higher standard of hygiene in all of your restrooms 24/7.

Product Name: AeroWest Drip Unit

Product Use & Description

- Automatically dispenses drip formula into toilets/urinals
- Contains **Odoff**, a powerful odor neutralizing solution effective against ammonia & sulfur compounds
- Releases fluid continually to eliminate odors
- Prevents build up of odor-causing bacteria
- Reduces formation of biofilms
- Chelating agent prevents hard water scale buildup
- Made of tough, flexible, easy to clean polypropylene
- Long-lasting, trouble free dispenser can be used for years
- Unlike most odor control devices, the AeroWest is molded in one piece, with no moving parts or separate components
- Simplicity of design & function - no batteries or electricity required
- For added fragrance, choose from a wide range of fresh, essential oil based fragrances

RESTROOM PRODUCTS

The Odo-San Drip is the newest addition to our drip systems. The OdoSan for toilets/urinals automatically & continually dispenses our specially formulated OdoSan *"Odoff" odor neutralizer to attack and eliminate foul odors at the source*, as well as *chelants for descaling, & detergents for cleaning*. Designed to be smaller & more compact, the Odo-San has a more upscale appearance. Developed to meet the needs of public facilities such as hospitals, hotels, restaurants, and office buildings.

Product Name: OdoSan Drip Unit

Product Use & Description

- Eliminates odors, cleans, & descales toilets/urinals
- Contains **Odoff**, a powerful odor neutralizing solution for ammonia & sulfur compounds
- Reduces formation of biofilms
- Can be installed directly into fixture or in-line into the piping
- Chelating agent prevents hard water scale building & removes existing scale
- Made of tough, flexible, easy to clean polypropylene
- Long lasting, trouble free dispenser can be used for years
- Simplicity of design & function - no batteries or electricity required

RESTROOM PRODUCTS

Our AeroWest & OdoSan Drip Fluids are free flowing, water-based liquids containing Odoff for odor neutralization, detergents for cleaning, quaternary ammonium to reduce germs, essential oils and a sequestering agent to prevent the deposition of calcium, iron and other salts from the flush water onto the porcelain surface of the fixtures.

Product Name: Drip Fluids for AeroWest & OdoSan

Product Use & Description

- Concentrate dilutable with 12 parts water for use in AeroWest dispensers & dilutable with 7 parts water for use in Odo-San dispensers to yield the following:

AW Single Concentrate	52 fills per gallon
AW Double Concentrate	104 fills per gallon
OS Single Concentrate	64 fills per gallon
OS Double Concentrate	128 fills per gallon

- Product will not stain porcelain or any other surfaces found on fixtures (urinals and toilet bowls).
- Product is non-corrosive to brass and chrome surfaces
- Dispensing rate (diluted) evenly, over 28 - 32 days (AeroWest drip rate: just over every 2 minutes & OdoSan: just over every 4 minutes)

RESTROOM PRODUCTS

Alco-Cleanse provides the means to quickly sanitize the toilet seat before every use. Quick, easy-to-use and fast drying, AlcoCleanse is the most hygienic solution when using public restrooms.

AlcoCleanse Toilet Seat Sanitizer contains 70% alcohol & gentle skin conditioner to protect sensitive skin. Dries immediately, leaving the toilet seat clean and up to 99% bacteria free.

Product Name: AlcoCleanse Toilet Seat Sanitizer

PULL TOILET TISSUE

**DISPENSE SANITIZER
ON TISSUE**

**WIPE SEAT & SIT
WITH CONFIDENCE**

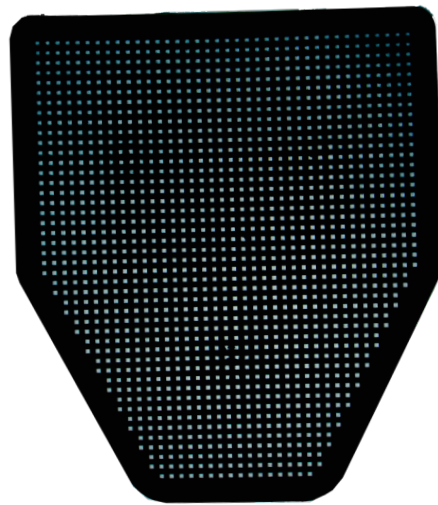

Product Use & Description

- Dispenser is installed in each stall, allowing restroom users to sanitize before they sit
- Sanitizing with AlcoCleanse removes up to 99% of germs
- No more hovering over the seat!
- No messy toilet seat covers & toilet paper all over the floor
- Simple & quick to use
- Helps you maintain clean, sanitary restrooms
- Safe and gentle on skin
- Reduces the clean up of urine splashes off the toilet seat and floor
- Reduces plumbing repairs by eliminating the need to “line” the toilet seat excessively with paper towels, toilet paper or paper seat covers
- Positive Perception: End users directly correlate restroom appearance to the product or service being offered. The presence of AeroWest Alco-Cleanse is a powerful tool in helping businesses to obtain the positive image they want.

RESTROOM PRODUCTS

Odooff Urinal Mats are the *ultimate* urinal floor mats. These high quality mats are enhanced with our powerful, Odooff odor neutralizer for exceptionally fresh, clean restrooms.

Product Name: Odooff Urinal Mats

Product Use & Description

- Mats contain Odooff to eliminate urine odors on contact
- Improved, non-slip backing provides a safer, drier floor surface
- Adheres securely in place without damaging floors
- Ultra high absorption for safe, sanitary floors
- Moppable - Performance is unaffected by light, damp mopping over surface
- Protects floors from uric acid damage
- Designed for high traffic zones
- Versatile & works on any surface from vinyl, to decorative tiles, to concrete
- Prevents cross contamination of urine from the restroom to other areas
- Improves facility's appearance by eliminating "unsightly" puddles

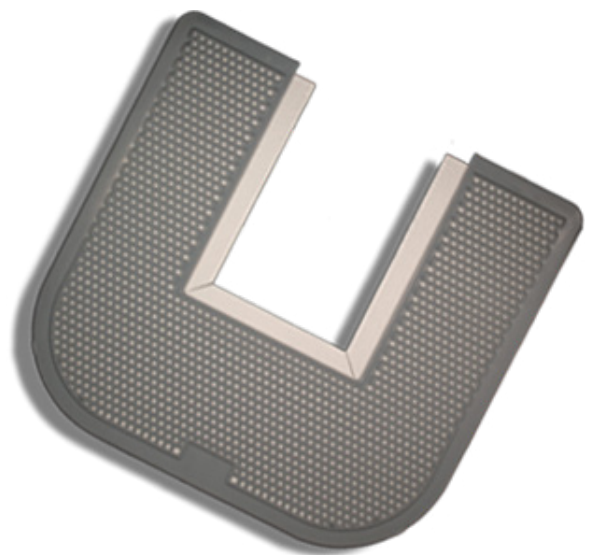

RESTROOM PRODUCTS

Superior quality toilet floor mats keep restroom floor safe, clean & sanitary

Product Name: Toilet Floor Mats

Product Use & Description

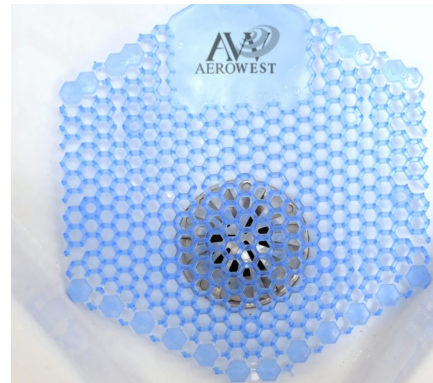

- Enhanced absorption capacity creates a cleaner environment
- Backing secures mats in place
- Moppable - Performance is unaffected by light, damp mopping over surface
- Reduces risk of slips and falls
- Protects floors from uric acid damage
- Great for high traffic restrooms
- Versatile and works on all types of flooring

RESTROOM PRODUCTS

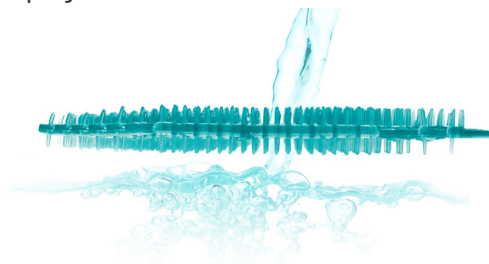

AeroFresh Urinal Screens provide exceptional anti-splash technology, amazing fragrance, & lasting freshness

Product Name: AeroFresh Urinal Screens

Product Use & Description

- High fragrance level - 3x more than traditional urinal screens
- Contains beneficial bacteria to completely eliminate odors, not just mask them
- Dual-sided design maximizes anti-splash and fragrance
- Keeps drains clear
- Superior splash control eliminates 99% splash
- Provides pleasant scent in one of the most challenging areas of the restroom
- Choose from 12 great fragrance options
- For maximum fragrance, use with urinal drip system & WiseAir fan

RESTROOM PRODUCTS

Our Double Toilet Clips are innovative, patented devices uniquely engineered to fit securely on toilets of all sizes.

Product Name: AeroFresh Double Toilet Clip

Product Use & Description

- **Customer Favorite**
- Releases up to 3x the fragrance of a traditional toilet clip
- Double saddle-like design prevents clips from falling into toilet, causing \$\$\$ plumbing issues
- Long-lasting, consistent fragrance all month long
- Available in Cucumber Melon, Spiced Apple, Lemon, Cherry, & White Linen
- Versatile - Can be used on restroom partitions, clipped onto desk, placed in cabinets, & more
- Pair with WiseAir fan in same or complimentary scent

RESTROOM PRODUCTS

WURV is the most complete hygienic solution for waterless urinals. It's the only cartridge replacement that eliminates the bad odors associated with waterless urinals. WURV allows waterless urinals to be washed & cleaned without compromising the seal that prevents bad odors. Provides considerable cost reduction associated with replacement urinal cartridges.

Product Name: WURV Waterless Urinal Valve

Unit: Each

Product Use & Description

- Sealing system prevents odors & sewer gas from escaping into restrooms
- No gel seal that can be compromised
- Economical & eco-friendly in terms of water savings
- Reduces maintenance issues
- Unrestricted, simple cleaning with U-Fresh Fluid

Product Name: U-Fresh Fluid (for use in WURV)

Unit: Each

U-Fresh Fluid is used to clean & extend the life of the WURV cartridge.

- Washes & cleans waterless urinals without compromising the seal that prevents bad odors
- Beneficial to drainage pipes & the hygiene of the urinal
- Extends life of the WURV
- Cleans thoroughly while protecting WURV cartridge
- Significantly improves hygiene
- Provides unrestricted washing capability

ODOR CONTROL FOR DUMPSTERS

The AeroMist is a professional grade, microprocessor-based misting system designed to dispense odor control chemicals. It's great for eliminating odors in roll away bins, trash compactors and other garbage & cardboard repositories.

Product Name: AeroMist

Unit: Each

Product Use & Description

- Engineered to dispense odor counteractants via misting nozzle
- Programmable time intervals (by day, minutes, or seconds)
- Easy to use
- Ideal for dumpsters, trash compactors, and other garbage repositories
- 115 volt transformer or 6 volt batteries
- Wall or shelf-mounting
- Highly flexible for numerous applications using fragrances & odor neutralizers
- Tamper-proof
- High-impact thermoplastic, watertight case
- Can be used indoors or outdoors
- Runs on batteries or electricity
- Self priming
