

NEW!

AeroFloor

Urine Odor Eliminator for Restroom Floors

Eliminate urine odors **in seconds** with Aero-Floor, our new mopping solution for restroom floors and hard surfaces.

Urine trapped around toilets and urinals and in between grout lines can be a breeding ground for bacteria. The more the bacteria proliferates, the worse the odor becomes. Urine can remain on tiles, grout, behind the fixture, and can be spread throughout the restroom on shoes. Aero-Floor combats urine odors, even in the toughest spots.

Instantly eliminates urine odors trapped in grout lines & around toilets/urinals

- Kills urine odors in seconds
- Easily powers through odors
- Easy-to-use mopping solution
- Destroys odors trapped in grout lines
- Light, clean scent
- Long-lasting concentrate
- Non-slippery formula
