

RESTROOM PRODUCTS

The AeroWest Drip for toilets/urinals automatically & continually dispenses our specially formulated AeroWest *“Odoff” odor neutralizer to attack and eliminate foul odors at the source*, as well as *chelants for descaling, & detergents for cleaning*. The AeroWest helps you maintain a higher standard of hygiene in all of your restrooms 24/7.

Product Name: AeroWest Drip Unit

16/case

(comes with installation kit, bottle & cap)

Product Use & Description

- Automatically dispenses drip formula into toilets/urinals
- Contains **Odoff**, a powerful odor neutralizing solution effective against ammonia & sulfur compounds
- Releases fluid continually to eliminate odors
- Prevents build up of odor-causing bacteria
- Reduces formation of biofilms
- Chelating agent prevents hard water scale buildup
- Made of tough, flexible, easy to clean polypropylene
- Long-lasting, trouble free dispenser can be used for years
- Unlike most odor control devices, the AeroWest is molded in one piece, with no moving parts or separate components
- Simplicity of design & function - no batteries or electricity required
- For added fragrance, choose from a wide range of fresh, essential oil based fragrances
