

OdoX

Portable, High Power Odor Neutralizer

OdoX is a high-performance, portable odor neutralization system in one easy-to-use carrying case. Using innovative, microcell technology, OdoX effectively neutralizes odors at the molecular level. It's convenience and portability provide the ultimate odor control, whenever and wherever you need it.

Eliminates high concentration of stubborn odors in seconds

- Powerful, high speed fan circulates odor counteractant at up to 3000 RPM
- Ultra-Portable - Bring OdoX wherever you need it in the light carrying case
- Fast-acting - Eliminates stubborn, persistent odors in minutes
- Plug-in & go: Simply plug in and switch on for instant deodorizing
- Features innovative microcell technology that steadily releases deodorizing vapors into the air to neutralize odors
- Great for health care facilities, hotels, restrooms, kennels, locker rooms, meeting rooms, refuse areas, where food has spoiled, after fires & floods
- Effective against odors caused by incontinence, cancer, pets, decay, smoke, bacterial growth, liquor, beer, mildew & more
- Portable case dimensions: 13"x16"x4"
- Load OdoX with 1-5 microcells
