

OdoX

Portable, Powerful Odor Neutralizer

OdoX is a high-performance, portable odor neutralization system in one easy-to-use carrying case. Using innovative, Odocell technology, OdoX effectively neutralizes odors at the molecular level. It's convenience and portability provide the ultimate odor control, whenever & wherever you need it.

Eliminates high concentration of stubborn odors in minutes via innovative Odocell technology

- Powerful, high speed fan circulates odor counteractant at up to 3000 RPM
- Ultra-Portable - Bring OdoX wherever you need it in the light carrying case
- Fast-acting - Eliminates stubborn, persistent odors in minutes
- Plug-in & go: Simply plug in and switch on for instant odor control
- Features innovative Odocell technology that steadily releases deodorizing vapors into the air to neutralize odors
- Great for health care facilities, hotels, restrooms, kennels, locker rooms, meeting rooms, refuse areas, where food has spoiled, after fires & floods
- Effective against odors caused by incontinence, cancer, pets, decay, smoke, bacterial growth, liquor, beer, mildew & more
- Portable case dimensions: 13"x16"x4"
- Load OdoX with 1-5 Odocells (2 is recommended).
- Covers up to 4,000 square feet
- Adjustable cord length of 6 feet

ODOCELL TECHNOLOGY

Odocells are a rigid polymer foam that holds practically 100% of its volume in odor counteractant. Odocells release odor counteractant by capillary action to change shape and size of odor molecules, eliminating even the most stubborn odors.

- Non-toxic, non-corrosive, non-staining
- They never drip, shrink, or spill like gels do.
- Neutralize odor sources including medical, biological, smoke, mildew, sewage, garbage.
- Packaged in foil vapor bags to keep fresh for a minimum of 1 year
- Small & compact (2.5"x4.5")
- 2 Odocells are recommended (you may use up to 5 for extreme odors)
- Each Odocell is equivalent to several wick or gel deodorants & lasts for 30 days
- Available in: Airicide, Blue Skies & Lemon
